• ICT
How...

• The Princess Basma Youth Resource Centre

• Our Women and Youth Committees (over 4000 voluntary members)

• Our loan programme, employability centres, and training/networking opportunities

• Farah Al-Nas Radio Station

• A range of projects and programmes aimed at women, youth and their specific needs
In Innovation Labs we truly believe that youth between the ages 10-24 are the future generation of leaders for Jordan.

The Innovation Labs aim to supplement the current academic opportunities of the standard education system by providing a safe space.

The Innovation Lab programmes are built around 4 thematic pillars: I-Learn, I-Design, I-Change, and I-Compete.
Med-up: Our Role...

• Through our experience in the Innovation labs:
  
  • Training

• Coaching and mentoring (1 year follow up)

• Sub-granting
MEDUP!

Promoting social entrepreneurship in the Mediterranean Region
